

Mornington Peninsula SIG - Now meets on Zoom only!

(All future meetings will be held using “Zoom”)

***Our next meeting will be on Monday 20th
March 2023***

Our Zoom session aims to open at 9:45 am for a 10:00 am start and to run continuously to about 4:00 pm with an opportunity to “Socialise” at Noon, between Morning & Afternoon sessions.

One Zoom login will cover both morning & afternoon sessions (details below).

General Computing session starts at 10 am, ends at Noon.

Family History session starts at 1 pm to about 4:00 pm

Our morning session covers all aspects of “Personal Computing” including the use of Tablets & Mobile Phones and using the Internet.

In the afternoon the Family History Sessions cover a range of Genealogy topics, plus hints & tips, on researching your past!

Questions are welcomed & we do encourage you to submit a question or two!

Better answers to your questions result from emailed enquiries a few days before the meeting so that answers can be researched beforehand!

Please email queries to <peninsula@melbpc.org.au> (Live

link!)

Conveners: Ian Thomson, Assisted by John Thompson and John Loveland

Members & Visitors are welcome - the program for each meeting is usually circulated by email a few days prior - please email us if you would like to be included in the email list, at the above address.

In both sessions we have regular presentations including useful tips to help with day-to-day computer use, researching your ancestors or “How to.....” in addition to specialised presentations on some current topic. The selection of topics may be in response to questions asked at previous meetings.

If you wish to attend via Zoom, please use the link provided below.
